

## CITY DADS AND HEADS OF SCHOOLS TO GET TOGETHER ON MONEY

Council Unable To Make Budget and  
Tax Levy Monday Evening  
Because of Shortage.

At City Council meeting Monday evening Chairman Smith, of the Ways and Means Committee announced that after juggling figures for the greater part of the afternoon the Committee had been unable to find how they could raise the money necessary to meet the expenses of the city government and the city schools on the assessment returned by the Board of Equalization at the present tax levy. He asked for further time and that the Mayor name a committee to meet with the Board of Education to see if they could not get together on some plan for the Board of Education to reduce its running expenses for the year. Mayor Russell appointed the Ways and Means Committee which will meet with the heads of the city schools this evening.

The ordinance creating a Curb Market and setting apart both sides of Market street from Second to Third on Tuesdays, Thursdays and Saturdays, was offered and adopted.

Another ordinance extending the Fire Zone to Clark avenue in the west and Bridge street in the east was offered and adopted.

Councilman Davis announced that the city was receiving no revenue from the franchise right and asked that an ordinance be drawn fixing a franchise tax of this right. On unanimous vote of Council it was ordered that the Laws and Ordinance committee prepare and offer such an ordinance.

The Police committee recommended that the vacation period of the city policemen be extended five days giving them 15 days with pay instead of 10 as in the past. On a vote Council divided equally and Mayor Russell cast the deciding vote favoring the extension of the time.

Eight emergency bonds of \$500 each were ordered issued and sold to provide funds for the current expenses of the city.

Council then adjourned to meet at the call of the Mayor to fix the tax levy and adopt a financial budget for the new fiscal year.

## GEORGETOWN GETS LIBRARY BUILDING AS A BEQUEST

Mrs. Mary A. Cochran Wills \$20,000  
For New Library Building at  
Brown County's Capital.

The Protestant Episcopal Free Hospital for Children, Cincinnati, is to receive a bequest of \$5,000 to endow a bed to be known as the Mary Power Shelton bed, according to a stipulation in the will of Mary A. Cochran, which has been filed in Georgetown, Ohio. For the erection of a free library building for Georgetown and Pleasant Township the will contains a bequest of \$20,000, provided the gift is accepted on the condition that the expense of maintenance of the library be borne by the town and township.

If the \$20,000 bequest is not accepted under these conditions the money is to be given to Christ Hospital to endow three beds, the remaining amount to be used as the Trustees of the hospital shall deem wise. The beds, if provided are to be known as the Mary A. Cochran bed, the Ella Power McFarlan bed, and the Mary Power Shelton bed.

Other bequests in the will are: To the Board of Conference (clergymen of the Methodist Episcopal church, \$2,000; the First Methodist Church of Georgetown, \$2,000; the First Presbyterian Church, Georgetown, \$1,000; the Church of Christ, Georgetown, \$1,000; to Minnie May, a negro servant, and Ruth Cochran, a high school student, \$1,500 each. Several thousand dollars in personal bequests were specified in the will.

### MISSING GIRL WAS WITH HER FATHER.

Mrs. Carl Colburn, of Chester street, aunt of Miss Lena Burns, who has been missing from her home here for the past two weeks, has been advised by wire that her niece is in Washington City at the home of her father. This message is quite a relief to local relatives and friends who have been considerably troubled about the young lady's sudden and mysterious disappearance here on Memorial Day.

### MANY ATTEND COLORED CLOSING EXERCISES.

There was a large crowd at the court house Monday evening to witness the play and other exercises given by the graduates of the Colored Eighth Grade. The entertainment was very pleasing and those who were members of the cast in the little play deserve much credit for the manner in which they presented it.

### PRACTICE TONIGHT.

Children's Day practice at Third Street M. E. church this evening at 6:30. Every one having part must be on hand promptly at the hour named. Parents of the children are urged to see that the children are there. Much will depend upon this practice as to the success of the program.

### PUBLIC LIBRARY REPORT.

During the month of May there were 828 visitors at the Public Library and 1115 volumes were taken out according to the report of the Librarian made this morning.

## CLASS DAY PROGRAM IS RENDERED THIS AFTERNOON

One of the Most Interesting Programs  
Of Commencement Week Draws  
Good Sized Crowd.

The class day program which was rendered in the High School auditorium this afternoon is always looked upon as one of the most interesting programs of Commencement Week and this year it was just as interesting as ever before.

The entire program was entirely in the hands of the Seniors. The class song sung by members of the graduating class was written by Misses Thelma Stahl, Marie Duzan and Eunice Knox while the class poem was by Miss Mary Downing.

The Farewell Address was delivered by President William Farley of the Senior class and President Robert Power of the Junior Class, responded. Mr. Farley handed over to the Juniors all of the grave responsibilities the Seniors were laying down and Mr. Power, on behalf of his fellow classmates, accepted them.

The Class History was read by Miss Marie Duzan and the Prophecy by Miss Eunice Knox. As usual they brought out much fun and many hearty laughs. Miss Carolyn Soward read the class Will while Miss Mary Soward and Mr. Harry Sammons were the class gluttons.

A piano solo by Miss Chloe McDowell was greatly enjoyed.

## BIG CONVENTION OPENS WITH NOMINEE STILL IN DOUBT

Uninstructed Delegates Have Withheld  
Their Power the Selection of  
the Next President.

Chicago, June 8. — When Chairman Will H. Hays brought down his gavel today with a resounding thump, he called to order one of the greatest Republican conventions ever assembled and one whose result is the most uncertain since 1880.

Without "booses" and virtually without leaders, with the field open to the choice of any one of a score or more of men as the party's nominee for President, this quadrennial gathering of the greatest political party in the world's history promises to be a record-breaker in every respect.

The dominant fact is that there are more than 500 unpledged and unbound delegates, and in their hands lies the decision of the convention. No choice will be made on the first ballot. No one predicts a nomination before the fifth, and all are willing to admit that the number of ballots may go far higher.

The developments of the last 24 hours have been bad for Senator Johnson of California. The votes from Nebraska, Michigan and North Dakota, which he claimed as his very own and subject only to his own release, will not remain steadfast. The delegates from those States do not coincide with Senator Johnson in his opinion; they will remain with him only so long as they please. Some will desert quickly.

General Leonard Wood seemed to have profited most from the changing tides and some of the flatness has been salvaged by those operating in his behalf. They aver that Massachusetts will not go along with Governor Coolidge; that General Wood will have seven Massachusetts votes on the first ballot and later on as many as twenty. The unstable Johnson strength in Nebraska and in Michigan is claimed by Wood; likewise the support of the 17 Chicago delegates, controlled by Mayor "Bill" Thompson, who have deserted Lowden. Desertions from Lowden to Wood among Southern delegates also are reported. They advise also that the prognosticators and statisticians keep their eyes on Pennsylvania and New Jersey. The Sprout support in Pennsylvania, in spite of the serious consideration given to the governor as a possible compromise candidate, is not enthusiastic; and when the State breaks, it will divide substantially between Lowden and Wood.

The Lowden men, whose cause with-

## ARRANGEMENTS FOR BIG 4th OF JULY CELEBRATION

Plans Are Now Being Made for Big  
Celebration at Beechwood Park  
On Fourth of July For Loud.

Manager J. Harbour Russell, of the Maysville Boys' Band, started today to lay plans for a big Fourth of July Celebration at Beechwood Park on Monday following the Nation's Birthday.

His plans include fireworks, baseball games and other contests, dancing, hand concerts and good speaking by prominent men.

Colonel Russell wired Governor Morrow at Chicago this morning asking him if he would speak here on that day and also asked him to extend an invitation to the nominee of the Chicago Convention to spend July 5th in Maysville and speak on that afternoon at the big celebration.

The purpose of this big celebration is to raise funds with which to purchase the band members' new summer uniforms of white and Colonel Russell says he thinks he will be able to gather in quite a nice fund if Governor Morrow and the Republican candidate for President will agree to make the donation of their time to make a speech for the Maysville Boys' Band.

### IN A CLASS BY ITSELF.

Why the New Edison Phonograph is Best:

1. It is the only instrument that re-creates music.
2. Tone test with living artists—no difference between the voice of the singer and the voice of the machine.
3. By use of a turn table — with three leading talking machines, the New Edison only proves to re-create music while the others merely approximate the original selection. J7-2t

### DIPHTHERIA AT MINEOLA.

Four cases of diphtheria have been reported to the County Health Department. These cases have been quarantined and steps have been taken to guard carefully against the spread of the disease.

Miss Margaret Collins, of Dover, spent Sunday with Miss Alma Nowor of East Second street.

In the last 24 hours has seemed rather stationary, assert that they have the votes to nominate their man and that they are determined to put him over. One of his managers, an Oklahoma leader, today asserted that Lowden, in spite of predictions to the contrary, would have more votes on the first ballot than either of the other leading candidates.

## ERNST AND COLVIN CHIEF SPEAKERS AT SETTLERS' REUNION

Plans Are Taking Form for Annual  
Celebration of Nation's Birth.

day at Huggins' Camp  
Grounds, July 3rd.

President Bert C. Gribbsy of the Old Settlers' Association was in the city yesterday making plans for the annual reunion and picnic at Ruggles Camp Grounds on Saturday, July 3rd.

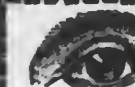

The annual reunion of the Old Settlers' has come to be the chief event in this section on the Nation's birthday. Thousands attend every year. The attraction of the beautiful campgrounds, a chance to see a big crowd, to hear noted speakers and good music—this makes it a place that to attend one year means going every year. Many good musical organizations have held forth here in the past, but this year will be the climax—the Boys' Band of our own town. Several prominent speakers will speak during the day, chief of whom are State Superintendent of Public Instruction Geo. Colvin, the Hon. R. P. Ernst, prominent candidate for United States Senator, and Hon. Taylor Luman, prominent attorney of Louisville. Major John Walsh has been engaged to decorate the tabernacle as never before for the occasion. Privileges will be in hands of reliable people who will see that all possible will be done for the enjoyment of the crowds. This year no admission charges will be made to old settlers above sixty-five years of age, nor to children under twelve.

Another event of importance for the day is the meeting of the Board of Directors of the campmeeting association. Final plans will be made for the campmeeting which follows on July 29th. Those who have cottages will want to come to look after them; those who wish to rent cottages are usually on hand to secure the same. There has been such a demand for cottages this year that but few will be left for rent on this day.

There may be other celebrations, but if you want to attend a real big patriotic celebration don't fail to attend this one.

## EYES ON U. S. TREASURY.

Washington, June 4. — "It is not necessary to sell the United States in order to get a lower exchange rate," declared Senator William E. Borah, of Idaho, in debate in the Senate on internal conditions in Europe. "I am thoroughly in favor of restoring the commercial and business relations between this country and Europe, but I oppose the surrender of a portion of the independence and the sovereignty of this government to the domination and control of a foreign tribunal. The great moving power behind the league of nations from the beginning has been international finance. If it were not for the great material resources and the 'treasury' of the United States all interest upon the part of Europe in having the United States join the league would cease. The league is a thoroughly war-organized machine. The reason why they are interested in having us join at this time is not the ideal reason once promulgated, that it would prevent war, but because the Treasury of the United States are essential to the prosecution of war in Europe and to the maintenance of the imperialistic schemes of European nations."

## OPPOSES WILSON'S DELAY.

"The arbitrary position taken by the President in regard to the terms of the peace treaty with Germany prevented the making of peace in the usual way, which is by treaty. It therefore became the imperative duty of Congress to declare officially that war is at an end," stated Representative Stephen G. Porter, chairman of the Committee on Foreign Affairs, in the House of Representatives recently. "No reasonable mind can escape the conclusion that the war is long since terminated, and that our country is insistently demanding that the shadow which this technical state of war casts upon the rights and liberties of the American people shall be promptly removed. Congress, having exercised its powers to declare war, surely has the right to exercise the same power and enact its official acts and thus restore the nation to a state of peace."

## "IN THE DAY'S NEWS."

Most Rev. George W. Mundelein, whose sacerdotal silver jubilee is to be made the occasion of a distinguished gathering of Roman Catholic prelates in Chicago today, has been archbishop of Chicago since 1916, and before that he had served for some years as auxiliary bishop of Brooklyn. The Archbishop was born in New York in 1872, and received his preliminary education at Manhattan College. In 1889 he was sent to Rome, where he took a theological course at the Propaganda. After being ordained in 1895 he returned to Brooklyn, and almost immediately was appointed assistant secretary to Bishop McDonnell. In 1898 he was appointed chancellor of the diocese and in 1909 he became auxiliary bishop. In 1907 he was made a member of the Ancient Academy of Arculf, an honor which, up to that time, it is said, had been enjoyed by no other person in America.

## ANNOUNCEMENT.

Covington, Kentucky, May 10th, 1920. For some time past it has been known to many of my Republican friends throughout the state that I would be a candidate for the Republican nomination for United States Senator.

I now desire to make public announcement of that fact.

I keenly appreciate the responsibility and importance of this high position, and, in the event of my election, I will give to the duties of this office the best there is in me and will represent the people of Kentucky and of the United States to the best of my ability.

I desire, also, to take advantage of this opportunity to express my sincere thanks to the many Republicans throughout the state who have, without solicitation on my part, so kindly and generously offered me their support.

## Daring American Girl Sees Hawaii from the Clouds

Mildred Leo Clemens, in Quest of Lecture Material and Photos, Resorts to Novel Scheme

Mildred Leo Clemens

Moving pictures of an airplane flight over the famous Diamond Head and Waikiki Beach in fair Hawaii, with Mildred Leo Clemens as the daring lady in the "shot" machine, will be a feature of "A Night in Hawaii," on the Colt-Alber Chautauque circuit this season. The film was made in April of this year.

The movie thriller, however, is but one of a dozen features of the evening. In the first place, precluding the lecture of Miss Clemens on life and customs of the Islands, will be the appearance of her own native Hawaiian company, six of the finest vocalists and instrumentalists in all Hawaii. These musicians were selected personally by Miss Clemens. The company sailed from Honolulu on the 19th of May, and Miss Clemens, who is an authority on Hawaii and its people, frankly states she has the finest company which has ever left the Islands.

The names are well known in both native and American musical circles of the Islands. The sextette consists of Knelei Poina Ole, Ane Hila, Keoni and Kewini Punnui, Kamaki Pahu and Kahala Pahu, three ladies and three gentlemen.

Miss Clemens, who is a cousin of Mark Twain, is a lecturer of considerable fame. She has assembled a wonderful collection of photographs of Hawaii and its people, which will be shown on the screen, in addition to the movies taken along Waikiki Beach and over Diamond Head.

COFFEE!  
BELLE OF MAYSVILLE

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.

For a cup of it Nero would have burned a thousand Romes, Caesar remitted the taxes of all the Jews and Napoleon turned peacemaker.

The only difference in this wonderful Coffee and the goods we sold years ago, it hasn't the kick.

Prices are right. A trial order will convince and will be appreciated.

## SIX OF HAWAII'S FINEST MUSICIANS COMING HERE FROM ISLANDS TO PRESERVE MUSICAL IDEALS OF NATIVE LAND

Hand-Picked Company of Native Musicians in the Islands Chosen for Long Tour in United States and Canada During Present Summer—Sailed May 19th from Honolulu with Mildred Leo Clemens

Mildred Leo Clemens and Her Native Hawaiians on the Famous Waikiki Beach, April, 1920

Six of the finest native musicians in all the Hawaiian Islands sailed from Honolulu on May 19th on the steamship "Maui," to fill their first American engagement. They will appear on the Colt-Alber Premier circuit in Indiana, Michigan, Kentucky, Ohio.

The company is a hand-picked group of unspoiled native instrumentalists and vocalists, all of whom are prominent in musical circles of the islands. They were chosen for the special tour by Mildred Leo Clemens, cousin of Mark Twain, who visited the islands early this year, and following the instructions from the Colt-Alber offices, engaged the finest musicians available. A cablegram from Miss Clemens on the day of departure stated that her company will be the finest organization which has ever toured America. They are real Hawaiians and real musicians.

**Prominent Hawaiian Musicians.**  
The personnel of the company consists of Knuhel Polina Ole, generally considered the finest steel guitar player in the islands, and one of the few women who have been able to master this difficult method of playing; Ane Hila, a true Hawaiian type, who sings, plays and features interpretations of the old Hawaiian legends, particularly the "Uluhihi," or warrior's dance, and the "Puili," or sacred Hahaione dance; Kewini Kewini Panui, versatile brothers, masters of guitar, ukulele, steel guitar and mandolin, and vocalists of considerable fame in native circles at Honolulu; Kamaki Panui, a thorough musician, leader of the Hawaiian Glee Club at Honolulu; and, lastly, Kahala Panui, whose voice was a favorite in all Hawaii. Kahala Panui was soloist with Prince Kuhio, Hawaii's delegate to Congress, on his last tour of the island. Prince Kuhio is today the most popular statesman of his beloved land.

The engagement is a splendid feature for the big Chautauqui. Each year has seen the same old Hawaiian companies touring the United States, the members in most cases having lived in the United States most of their lives. The continuous popularity of Hawaiian music, however, led the Colt-Alber management to believe that a real company of natives who could really play and sing Hawaiian music, with the fascinating and alluring interpretation so characteristic of the race, would be an appreciated feature on this year's program. This especially when accompanied by Miss Mildred Leo Clemens in her great illustrated lecture, "The Pacific Paradise."

## RAILROAD STRIKES AND "JUSTICE."

The first purpose of the framers of the American Constitution as stated in the preamble, was "to form a more perfect union," and the second "to establish justice." The more perfect union was necessary in order that the Government might continue to exist. The establishment of justice was second in importance only to the union itself. In the establishment of justice to the end to be accomplished is the protection of the many from the aggressions of the few and that is exactly the purpose of the proposed anti-strike railroad law. There can be no justice as between railroad employees and the public generally if the employees are to exercise the power to force payment of wages according to the standard which they fix under the threat of interruption of service. Justice does not exist where one of the parties to a bargain has the power to fix the terms of the bargain without the other party having any voice in the matter.

Since the railroads have been placed under Government regulation and rates are established by a government tribunal, the question of wages is no longer one between the employee and the corporation. In the last analysis the public pays the bill. The public, therefore, has a right to a voice in saying what rate of wages shall be paid. Such is the purpose of the proposed anti-strike railroad bill. Under that measure a duly constituted and authorized government tribunal would take testimony and render a decision regarding railroad wages just as the Interstate Commerce Commission takes testimony and renders decisions regarding rates to be charged by railroad companies for transportation of passengers or freight. The anti-strike law would establish justice, as nearly as justice can be attained.

## THROWING MONEY AWAY.

The charge that the War Risk Bureau has made overpayments aggregating \$28,000,000 and possibly as much as \$100,000,000, is one that will be readily credited by men who were formerly in the service and who have observed the manner in which the business of the War Risk Bureau was conducted. There have been numerous instances which have come to the attention of men who were in the service in which the Bureau insisted on making payments that were not due. Many a soldier, or his family, has sent back money that was paid through carelessness on the part of the War Risk Bureau. The Bureau insisted upon making payments on the assumption that certain soldiers were dead, whereas they were still alive. The fact of the matter seems to be that because politics figured so largely in the organization of the supervisory branches of the bureau there was inefficiency in practically all of its work. Some measure of inaccuracy must be expected, but overpayments to the extent of \$28,000,000 would seem to be entirely unjustifiable.

## GETTING BACK TO NORMAL.

It is reported that the railroads are in the market for 1,500 locomotives, and thousands of freight cars, orders for many of which already have been placed. With the gradual removal of the blight left by Government ownership, transportation facilities and service will return to normal once more, and do its part in lowering the cost of living.

## TROUBLES FROM MY AGE

Mrs. Baney tells how Lydia E. Pinkham's Vegetable Compound Helped Her Through the Change of Middle Life.

Rochester, Ind.—"My troubles were from my age and Lydia E. Pinkham's Vegetable Compound helped me wonderfully. I took docto's medicine and other patent medicine but the Vegetable Compound has helped my nerves more than anything I have ever taken. I am thankful to the one who recommended it to me and will surely do my part in telling others what the medicine has done for me."  
—Mrs. LETTIE BANNEY, 408 East 9th St., Rochester, Indiana.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Baney.

## PROHIBITION AMENDMENT UPHELD BY HIGH COURT

United States Supreme Court Upholds Prohibition Amendment and the Enforcement Act.

Washington, June 7.—The prohibition amendment and the enforcement act were held to be constitutional by the Supreme Court today in a unanimous decision.

While attorneys for the interests attacking the two measures gained permission to file motions for rehearing, the decision was regarded generally as striking a death blow to the hopes of the wets.

The court's opinion, rendered by Justice Willis Van Devanter, was sweeping.

It held that the amendment not only came within the amending power conferred by the Federal constitution, but was proposed lawfully and now was the law of the land.

While recognizing that Congress had limitations in respect to the enforcement of laws regarding beverages, the Court held those limits were not transcended in the enactment of the enforcement act restricting alcoholic content of intoxicants to be one half of one per cent.

### GENERAL PERSHING DESIGNS.

Washington, June 7.—General John J. Pershing will retire from active service within a few months, he announced today in a letter to Secretary Newton D. Baker.

The commander of the American expeditionary forces declared that he felt he could give up his military duties without impairment of the service and "thus be free to engage in something more active."

The General did not indicate the nature of his future activities. General Pershing assured Secretary Baker that he would remain in service until work involved in the carrying out of the army reorganization act was completed.

He gave the added assurance that in any future crisis he would be at the call of the nation.

### MAYSVILLE ADVERTISED BY ITS WHITE WAY.

The Public Ledger is in receipt of a circular published by the Cincinnati Railway Equipment Company, manufacturers of the poles used on the local White Way in which there are some eight or ten pictures of Maysville's streets before and after installing the white way. The Ledger's account of the reception of the White Way is published in full in the circular.

### JUNIOR COMMUNITY CLUBS WILL BE ORGANIZED.

Prof. John Hurst Adams, who is acting as Assistant County Agent during the summer vacation, will spend the major part of his time in organizing Junior Community Clubs in each Consolidated school district in the county. Members of these clubs will not only take an interest in agricultural matters but will have debating teams and study community needs.
